\*This is in no way a recommendation or an endorsement by providing the above list of contractors. Customers must beware any problem arising from the inspection or certification will remain between the contractor and the customer.

In the event you choose to hire a contractor not listed above; the contractor must submit the following information to our office in advance of service being completed:

- Current State of Florida License as either an Underground Utility Contractor or Plumber
- Current Certificate of Insurance showing enforced General Liability, Automotive, and Workmen's Compensation (or Florida issued exemption card) with Orange Tree Utility as Named Certificate Holder.
- Current Occupational License – Per County
- Current TREEO Certification for **each** "Backflow Assembly Tester" and "Repair"

Orange Tree's 2010 Certification Reports must be received by our office no later than October 31, 2010. Customers, who do not meet the October deadline, will have the work done on their behalf and their Utility Billing account will be charged accordingly.

As a reminder, Orange Tree's responsibility ends at the meter. We are unable to provide this service for our customers. The Property Owner is responsible for the maintenance and annual certification of the Backflow.

**We can only accept originally signed Certification Reports from contactors that meet the above standards. Reports can be mailed or hand delivered to our office.**

We appreciate your cooperation regarding this matter.

Sincerely,

*Angela Milford*
